Krone Feine Gips

SPORTPLATZGIPS

Marking gypsum

Made from naturally occurring gypsum stone
No additional factory additives

Fine white powder for marking out sports fields and playing areas
For hard courts and grass pitches

Good adhesion, stability, tread grip

Remains highly visibility for a long time

Environmentally friendly (no risk of chemical burns)

Gypsum scattering grit for application with any standard marking trolley

For outdoor areas

Technical data sheet
Sports field gypsum
Gypsum grit for scattering

Construction product and intended use	
Description	Finely ground pure natural gypsum powder (calcium sulphate) for marking outdoor sports fields and playing areas
Approximate shelf life	6 months Store in a dry area; protect from moisture absorption. Close open containers firmly and use material in the near future
Special characteristics	Ecologically harmless white marking powder made of > 95 % $\text{CaSO}_4 \times 0.5\text{H}_2\text{O}$ (gypsum binder, calcium sulphate hemihydrate) In pure mineral form without factory additives No risk of chemical burns, safe for humans and animals Affordable alternative to wet marking Dry scattering material, easy to handle, easy application Good adhesion, tread grip and stability, easy on the grass Remains highly visible for a long time Left-over material can remain in the trolley (if stored under protection from the weather; it is recommended to remove remaining material in the autumn/winter). Leaves dry marking trolleys easy to clean Easy to apply and work with, especially in amateur situations
Intended use	Marking material for sports fields and play areas for hard courts, as well as courts made of sand, ash, cinder, compacted soil, granulated slag pitches and tracks as well as grass pitches. Not to be used on hard tennis courts or on artificial turf.
Range of applications	On all suitable outdoor sports fields and play areas, such as football fields, running tracks and throwing pitches.
Application	For application with standard commercial mechanically operated dry marking trolleys (to be applied by brush or vibrating sieve).
Technical properties	
Reaction to fire	Non-combustible Class A (no contribution to fire) according to 96/603/EC
Hygiene, health	Observe safety instructions
Approximate yield	1 playing field marking/25 kg
